SPONSORSHIP OPPORTUNITIES

Why Sponsor EIFF?

As a sponsor of the EQUUS INTERNATIONAL Film Festival, one of the first equine film festivals in the world whose focus is on equine welfare and the equine/human bond, you will reach a target audience for your company, organization and mission. Our team will work with you to design a sponsorship package that is a real partnership, reflecting your interests, audience, and market. We believe in creating a mutually beneficial and supportive partnership that is a win/win, for you and for EIFF.

Our mission below says it best but our goal --- to celebrate the equine arena, and the people who tell the stories of the horse, who promote excellent horsemanship and improve the lives of both equine and human through this incredible bond.
